Shopify Content Management Guide

How to update your policies and delivery information

Contents

1. Refund Policy
2. Privacy Policy
3. Terms of Service
4. Delivery Information Page

Prepared June 2025

1. Refund Policy

Your Refund Policy is managed directly inside Shopify under your store settings. Any changes you save there will automatically appear on the Valley Feeds website — no developer needed.

Step 1 Log in to Shopify

Open your web browser and go to:

`admin.shopify.com`

Enter your email address and password, then click Log in.

Step 2 Go to Settings

In the bottom-left corner of the Shopify Admin, click Settings.

Step 3 Open Policies

In the Settings menu, click Policies.

Step 4 Edit your Refund Policy

Scroll down to the Refund Policy section. Click inside the text editor to make your changes.

Tip: You can use the toolbar above the text box to add bold text, bullet points, or headings — the same way you would in a Word document.

Step 5 Save your changes

When you are happy with your edits, scroll to the bottom of the page and click Save.

Note: Changes are live on the website immediately after saving. There is no separate publish button.

2. Privacy Policy

The Privacy Policy follows exactly the same process as the Refund Policy — it lives in Shopify Settings and updates on the website the moment you save.

Step 1 Log in to Shopify

Open your web browser and go to:

`admin.shopify.com`

Enter your email address and password, then click Log in.

Step 2 Go to Settings → Policies

Click Settings in the bottom-left corner, then click Policies.

Step 3 Edit your Privacy Policy

Scroll to the Privacy Policy section. Click inside the editor and make your changes.

Tip: Shopify provides a "Create from template" button below the text editor. This can be a helpful starting point if you ever need to rewrite the policy, but be careful — it will replace your existing text.

Step 4 Save your changes

Click Save at the bottom of the page. Changes appear on the website instantly.

3. Terms of Service

The Terms of Service is also stored in Shopify Settings → Policies and works the same way as the Refund and Privacy policies above.

Step 1 Log in to Shopify

Open your web browser and go to:

`admin.shopify.com`

Enter your email address and password, then click Log in.

Step 2 Go to Settings → Policies

Click Settings in the bottom-left corner, then click Policies.

Step 3 Edit your Terms of Service

Scroll to the Terms of Service section. Click inside the editor and update the text as needed.

Step 4 Save your changes

Click Save at the bottom of the page. The website updates automatically.

4. Delivery Information Page

Unlike the policies above, the Delivery page is managed through Shopify's Online Store Pages editor. This gives you a rich text editor where you can update delivery areas, schedules, and shipping costs.

Step 1 Log in to Shopify

Open your web browser and go to:

`admin.shopify.com`

Enter your email address and password, then click Log in.

Step 2 Go to Online Store → Pages

In the left-hand sidebar, click Online Store. In the dropdown that appears, click Pages.

Step 3 Open the Delivery page

You will see a list of your pages. Find and click on the page called Delivery.

Tip: If you can't find it, use the search bar at the top of the Pages list and type "delivery".

Step 4 Edit the page content

Click inside the content area to start editing. The editor works like a basic word processor:

- Use the toolbar to format text (bold, italic, headings, bullet lists)
- To add a new delivery area or town, type it into the relevant section
- To update shipping costs or schedule days, find the text and edit it directly
- To add a table, click the Insert menu and select Table

Note: Do not change the page Title or URL (Handle) unless discussed with Web F5 first. Changing the URL will break the link in the website footer.

Step 5 Save your changes

Click Save in the top-right corner of the page editor. Your changes will appear on the website within a few seconds.

Quick Reference Summary

Page	Where to edit	Path in Shopify Admin
Refund Policy	Settings → Policies	Settings > Policies > Refund Policy
Privacy Policy	Settings → Policies	Settings > Policies > Privacy Policy
Terms of Service	Settings → Policies	Settings > Policies > Terms of Service
Delivery Page	Online Store → Pages	Online Store > Pages > Delivery
